

# Witton Gilbert Primary School

## Relationships and Sex Education Policy 2021-2022

<b>Policy Agreed</b>	December 2021
<b>Review Due</b>	December 2022
<b>RSE Lead</b>	Miss Bethan Howells
<b>Headteacher</b>	Mrs Paula Nelson
<b>Chair of Governors</b>	Mrs Michelle Harrison

## 1. Aims

The aim of Relationships and Sex Education (RSE) is to provide balanced factual information about physical and emotional changes, together with consideration of the broader emotional, ethical, religious, and moral dimensions of sexual health. Our RSE programme aims to prepare pupils for an adult life in which they can:

- Have an understanding of and a respect for rights.
- Develop positive values and a moral framework that will guide their decisions, judgements and behaviour.
- Have the confidence and self-esteem to value themselves and others and respect for individual conscience and the skills to judge what kind of relationship they want.
- Understand the consequences of their actions and behave responsibly within personal relationships.
- Avoid being pressured into uncomfortable or dangerous situations.
- Communicate effectively by developing the appropriate language for sex and relationship issues.
- Develop awareness of their sexuality, challenge sexism and prejudice, and promote equality and diversity.
- Have sufficient information and skills to protect themselves in a variety of situations.
- Know how to keep themselves safe on the internet and when using social media.
- Be aware of sources of help and acquire the skills and confidence to access advice and support if necessary.
- Understand the changes that will happen as they go through puberty.
- Know age appropriate facts about sex and reproduction.
- Be able to distinguish between fact and fiction.

## 2. Statutory Requirements

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

This policy was developed in response to Sex and Relationship Education Guidance DfES 2000, the National Teenage Pregnancy Strategy and National Healthy Schools Programme.

“The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education (PSHE) continues to be compulsory in independent schools.”

DfE Guidance p.8

“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”

“This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools.”

“In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy.”

“These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others’ wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

[Relationships and sex education \(RSE\) and health education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/relationships-and-sex-education-rse-and-health-education)

As a maintained primary school we must provide RSE to all pupils as per the [Children and Social work act 2017](#).

In teaching RSE, we must have regard to to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

### 3. Rationale

Every child has the right to reliable information that they can understand (UNICEF Article 17). Governments must protect children from sexual abuse and exploitation (UNICEF Article 34).

At Witton Gilbert Primary School, we believe that the teaching of Relationship and Sex education should be sensitively delivered at an age-appropriate level. We believe the parents are the primary educators of RSE and we aim to work in partnership.

In addition, Witton Gilbert Primary School believes that RSE should:

- Be an integral part of the lifelong learning process, beginning in early childhood and continue into adult life.
- Be an entitlement for all pupils in our care.
- Encourage every pupil to contribute to the school community that aims to support each individual as they grow and learn.
- Be set within this wider school context and supports family commitment and love, respect and affection, knowledge and openness. Family is a broad concept; not just one model, e.g. nuclear family. It includes a variety of types of family structure, and acceptance of diversity.
- Encourage pupils and staff to share and respect each other’s views. We are aware of different approaches to sexual orientation, without promotion of any particular family structure. The important values are love, respect and care for each other.
- Generate an atmosphere where questions and discussion on personal matters can take place without any stigma or embarrassment.

- Recognise that parents and carers are the key people in teaching their children about sex, relationships and growing up. We aim to work in partnership with parents/carers and pupils, consulting them about the content of programmes.
- Recognise that the wider community has much to offer and we aim to work in partnership with other health and education professionals.

#### 4. Policy Development (Ongoing)

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development involved the following steps

- Review – PSHCE lead reviewed policy together with relevant national and local guidance
- Review of RSE curriculum content with staff
- Consultation with parents / carers
- Consultation with wider school community - Headteacher attended training with Local Authority
- Consultation, agreement and implementation of policy by school governors

#### 5. What Is Relationship and Sex Education (RSE)?

RSE is lifelong learning about emotional, social, physical, sexual and moral development. It is about the understanding of the importance of stable and loving relationships, respect, love and care for family life. It involves acquiring information, developing skills and forming positive beliefs, values and attitudes. It should equip children and young people with the information, skills and values to have safe, fulfilling and enjoyable relationships and to take responsibility for their health and well-being.

RSE is not about the promotion of sexual activity.

Here, at Witton Gilbert Primary School we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children's needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

#### 6. RSE Curriculum and Organisation

Relationship and Sex Education in this school has three main elements:

##### Personal and Social Skills

- managing emotions within relationships confidently and sensitively
- developing positive self-esteem and confidence
- developing and demonstrating self-respect and empathy for others
- developing an understanding of rights and respect for rights

- making informed choices with an absence of prejudice
- developing an appreciation of the consequences of choices made
- managing conflict by using the Restorative Approach
- empowering pupils with the skills to be able to recognise inappropriate/ uncomfortable situations and/or behaviours with their peers and adults

### Attitudes and Values

- learning the importance of values, individual conscience and moral choices
- valuing family life, stable and loving relationships, and marriage
- learning about the nurture of children
- demonstrating the values of respect, love and care
- exploring, considering and understanding moral dilemmas
- developing skills including negotiation and decision making
- challenging myths, misconceptions and false assumptions

### Knowledge and Understanding

- learning and understanding about physical and emotional development at appropriate stages
- learning about reproduction, human sexuality, personal health, emotions and relationships
- learning about where to go for help or advice in school and how to access a range of local and national support agencies

Here, at Witton Gilbert Primary School we value PSHE as one way to support children’s development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme. We deliver relationship and sex education through our PSHCE Programme, RE and Science lessons at foundation stage, KS1 and KS2. Many aspects of relationships education are also delivered through assemblies, computing, PE and informally during class discussions.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children’s needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements (see Appendix 1).

### Whole-school Jigsaw approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
<b>Autumn 1:</b>	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
<b>Autumn 2:</b>	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
<b>Spring 1:</b>	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society

<b>Spring 2:</b>	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
<b>Summer 1:</b>	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
<b>Summer 2:</b>	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

Teachers generally deliver the PSHCE curriculum with support from professionals where appropriate. School staff are usually the best people to work with the pupils on many of the RSE topics as they are aware of each pupil's individual circumstances. RSE lessons are set within the wider context of the PSHCE curriculum and focus more on the emotional aspects of development and relationships, although the physical aspects of puberty and reproduction are also taught as part of National Curriculum Science and RSE. The PSHCE Programme and Science National Curriculum are taught in every year.

To further support RSE, our school uses 'Lucinder and Godfrey' resources. The whole school have a focus week each year (usually summer term), where these resources are used to develop children's understanding in an age-appropriate way. If parents would like to see the resources, please let us know. Topics for each year group are as follows:

Reception	Recognise and name feelings Know we are all different Name body parts
Year 1	Exploring friendship and trust Name body parts
Year 2	Personal hygiene Making the right choices
Year 3	Personal safety and decision making
Year 4	Keeping safe – dealing with peer pressure
Year 5	Growing and changing - puberty
Year 6	Growing and changing – changing relationships, reproduction

- Prior to our RSE focus week, parents will be informed by letter so that they can discuss content of the RSE curriculum with their child before the learning is addressed in school.
- Any RSE lesson may consider questions or issues that some pupils will find sensitive. Before embarking on these lessons ground rules are established which prohibit inappropriate personal information being requested or disclosed by those taking part in the lesson.
- The correct medical names will be used when naming body parts.
- When pupils ask questions, we aim to answer them honestly at an age-appropriate level and within the ground rules established at the start of the sessions. If it is felt that answering a specific question would involve information at a level inappropriate to the age and development of the rest of the pupils, the question will be dealt with individually at another time or discussed with parents.
- More expert or specialist teachers may support staff that are uncomfortable with teaching certain aspects of the SRE curriculum. Support and professional development will be provided for these staff, so that they can

develop their confidence in delivering the whole of the RSE programme.

- Assessment is carried out at appropriate times and involves teacher, pupil and peer assessment of knowledge and understanding, skills, and attitudes.

## **7. Online relationships**

Pupils will be taught:

- that people sometimes behave differently online, including by pretending to be someone they are not
- that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous
- the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them
- how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met
- how information and data is shared and used online

## **8. Inclusion**

### *Ethnic, Cultural and Religious Groups*

We intend our policy to be sensitive to the needs of different ethnic, cultural and religious groups. We encourage parents /carers to discuss any concerns with the Headteacher.

### *Pupils with Special Needs*

We will ensure that all pupils receive relationship and sex education and we will offer provision appropriate to the needs of all our pupils, taking specialist advice where necessary.

### *Sexual Identity and Sexual Orientation*

We aim to deal sensitively and honestly with issues of sexual orientation, answer appropriate questions and offer support. Pupils, whatever their developing sexuality, need to feel that sex and relationship education is relevant to them.

## **9. Right of Withdrawal of Pupils from Relationship and Sex Education**

Parents do not have the right to withdraw their children from relationships education.

Some parents prefer to take the responsibility for aspects of this element of education. Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE. Other arrangements would be made for the child in these circumstances. Parents are encouraged to discuss their concerns and / or decisions with the Headteacher at the earliest opportunity. Parents are also welcome to view any RSE resources the school uses.

## **10. Confidentiality and Safeguarding**

It should be made clear to pupils that no adult in school cannot guarantee absolute confidentiality. This should be made clear when forming the class Ground Rules.

A child under 13 is not legally capable of consenting to sexual activity. Any offence under The Sexual Offences Act 2003 involving a child under 13 is very serious and should be taken to indicate a risk of significant harm to the child. Cases involving under 13s should always be discussed with the nominated child protection lead.

Under the Sexual Offences Act, penetrative sex with a child under the age of 13 is classed as rape. Therefore, in all cases where the sexually active young person is under 13, a referral would be made to First Contact identifying the young person, and the sexual partner if known. Following this, a Strategy Meeting or discussion will be held. The meeting will involve a Team Manager, Social Worker, Police, Health Worker, Education and Welfare and other relevant agencies, to discuss appropriate next steps.

Where the allegation concerns penetrative sex, or other intimate sexual activity occurs, there would always be reasonable cause to suspect that a child, whether girl or boy, is suffering or likely to suffer significant harm. All cases involving under 13s would be fully documented including detailed reasons why decisions were made not to share information.

Health professionals in school are bound by their codes of conduct but have a duty to share information with relevant others, if they believe that a child is suffering abuse.

*These procedures should be read in conjunction with the Durham LSCB protection procedures ([link](#)) with special reference to Sections 3 'Referral and Investigation' and Section 6.13 'Sexually Active Children under 18' – 'Young People under the age of 13'*

## 11. Roles and Responsibilities

### The headteacher

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory/non-science components of RSE (see section 9).

### Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

## 12. Monitoring and Evaluation of Relationship and Sex Education

The delivery of RSE is monitored by Miss Howells (Assistant Head and RSE lead) through, for example:

- Monitoring RSE within the PSHCE curriculum
- Learning walks
- Pupil discussions
- Monitoring of PSHCE class books

Pupils' development of RSE is monitored by class teachers as part of our internal assessment systems.

It is the responsibility of the Headteacher/ Leadership Team to oversee and organise the monitoring and evaluation of PSHCE, in the context of the overall school plans for monitoring the quality of teaching and learning. The PSHCE programme will be treated as a subject and will be involved in yearly monitoring and evaluation.

The Governing body is responsible for overseeing, reviewing and organising the revision of relationship and sex education policy, curriculum and guidance. This policy will be reviewed annually by the Behaviour and Safety Committee. At every review, the policy will be approved by the Governing Body.

Ofsted is required to evaluate and report on personal, spiritual, moral, social and cultural development of pupils. This includes evaluating and commenting on the school's sex and relationship education policy, curriculum and on support and staff development, CPD and delivery.

## Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. The references R3/H5 etc can be cross-referenced on the Jigsaw mapping documents and Puzzle Maps to show which lessons throughout Jigsaw contribute to which statutory outcomes. All statutory outcomes are covered in the Jigsaw 3-11 Programme.

The guidance states that, by the end of primary school:

	<b>Pupils should know...</b>	<b>How Jigsaw provides the solution</b>
<b>Families and people who care for me</b>	<ul style="list-style-type: none"> <li>• R1 that families are important for children growing up because they can give love, security and stability.</li> <li>• R2 the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives.</li> <li>• R3 that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care.</li> <li>• R4 that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up.</li> <li>• R5 that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious).</li> <li>• R6 how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Relationships</li> <li>• Changing Me</li> <li>• Celebrating Difference</li> <li>• Being Me in My World</li> </ul>
<b>Caring friendships</b>	<ul style="list-style-type: none"> <li>• R7 how important friendships are in making us feel happy and secure, and how people choose and make friends</li> <li>• R8 the characteristics of friendships, including mutual</li> </ul>	

	<p>respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties</p> <ul style="list-style-type: none"> <li>• R9 that healthy friendships are positive and welcoming towards others and do not make others feel lonely or excluded</li> <li>• R10 that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right</li> <li>• R11 how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help and advice from others, if needed</li> </ul>	
<p><b>Respectful relationships</b></p>	<ul style="list-style-type: none"> <li>• R12 the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs</li> <li>• R13 practical steps they can take in a range of different contexts to improve or support respectful relationships</li> <li>• R14 the conventions of courtesy and manners</li> <li>• R15 the importance of self-respect and how this links to their own happiness</li> <li>• R16 that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority</li> <li>• R17 about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help</li> <li>• R18 what a stereotype is, and how stereotypes can be unfair, negative or destructive</li> <li>• R19 the importance of permission-seeking and giving in relationships with friends, peers and adults</li> </ul>	
<p><b>Online relationships</b></p>	<ul style="list-style-type: none"> <li>• R20 that people sometimes behave differently online, including by pretending to be someone they are not.</li> <li>• R21 that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous.</li> <li>• R22 the rules and principles for keeping safe online, how to</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Relationships</li> <li>• Changing Me</li> </ul>

	<p>recognise risks, harmful content and contact, and how to report them.</p> <ul style="list-style-type: none"> <li>• R23 how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.</li> <li>• R24 how information and data is shared and used online.</li> </ul>	<ul style="list-style-type: none"> <li>• Celebrating Difference</li> </ul>
<b>Being safe</b>	<ul style="list-style-type: none"> <li>• R25 what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context).</li> <li>• R26 about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe.</li> <li>• R27 that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.</li> <li>• R28 how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know.</li> <li>• R29 how to recognise and report feelings of being unsafe or feeling bad about any adult.</li> <li>• R30 how to ask for advice or help for themselves or others, and to keep trying until they are heard,</li> <li>• R31 how to report concerns or abuse, and the vocabulary and confidence needed to do so.</li> <li>• R32 where to get advice e.g. family, school and/or other sources.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Relationships</li> <li>• Changing Me</li> <li>• Celebrating Difference</li> </ul>

## Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	<b>Pupils should know</b>	<b>How Jigsaw provides the solution</b>
<b>Mental wellbeing</b>	<ul style="list-style-type: none"> <li>• H1 that mental wellbeing is a normal part of daily life, in the same way as physical health.</li> <li>• H2 that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations.</li> <li>• H3 how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings.</li> <li>• H4 how to judge whether what they are feeling and how they are behaving is appropriate and proportionate.</li> <li>• H5 the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness.</li> <li>• H6 simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests.</li> <li>• H7 isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.</li> <li>• H8 that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being.</li> <li>• H9 where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online).</li> <li>• H10 it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Healthy Me</li> <li>• Relationships</li> <li>• Changing Me</li> <li>• Celebrating Difference</li> </ul>

	enough.	
<b>Internet safety and harms</b>	<ul style="list-style-type: none"> <li>• H11 that for most people the internet is an integral part of life and has many benefits.</li> <li>• H12 about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing.</li> <li>• H13 how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private.</li> <li>• H14 why social media, some computer games and online gaming, for example, are age restricted.</li> <li>• H15 that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health.</li> <li>• H16 how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted.</li> <li>• H17 where and how to report concerns and get support with issues online.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Relationships</li> <li>• Healthy Me</li> </ul>
<b>Physical health and fitness</b>	<ul style="list-style-type: none"> <li>• H18 the characteristics and mental and physical benefits of an active lifestyle.</li> <li>• H19 the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise.</li> <li>• H20 the risks associated with an inactive lifestyle (including obesity).</li> <li>• H21 how and when to seek support including which adults to speak to in school if they are worried about their health.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Healthy Me</li> </ul>
<b>Healthy eating</b>	<ul style="list-style-type: none"> <li>• H22 what constitutes a healthy diet (including understanding calories and other nutritional content).</li> <li>• H23 the principles of planning and preparing a range of healthy meals.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Healthy Me</li> </ul>

	<ul style="list-style-type: none"> <li>• H24 the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).</li> </ul>	
<b>Drugs, alcohol and tobacco</b>	<ul style="list-style-type: none"> <li>• H25 the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking</li> </ul>	
<b>Health and prevention</b>	<ul style="list-style-type: none"> <li>• H26 how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body.</li> <li>• H27 about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer.</li> <li>• H28 the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn.</li> <li>• H29 about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist.</li> <li>• H30 about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing.</li> <li>• H31 the facts and science relating to immunisation and vaccination</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Healthy Me</li> </ul>
<b>Basic first aid</b>	<ul style="list-style-type: none"> <li>• H32 how to make a clear and efficient call to emergency services if necessary.</li> <li>• H33 concepts of basic first-aid, for example dealing with common injuries, including head injuries.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Healthy Me</li> </ul>
<b>Changing adolescent body</b>	<ul style="list-style-type: none"> <li>• H34 key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes.</li> <li>• H35 about menstrual wellbeing including the key facts about the menstrual cycle.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Changing Me</li> <li>• Healthy Me</li> </ul>
